Dear Mr. Farnsworth:

The Division has received the results of the required consultation with the State Historic Preservation Officer (SHPO) regarding the notice listed above. The result of the consultation is that a cultural resources survey must be completed on the areas to be mined and new road sites, as well as, any other surface disturbances that are part of the operation. I have included with this letter a list of approved consultants that are qualified to complete such a survey.

If you have any questions concerning this matter please contact me.

Sincerely,
